Rebuilding Together-Portland's mission is to preserve and revitalize homes and communities, assuring that low-income homeowners, from the elderly and disabled to families with children, and veterans, live in a safe, secure and independent environment. The majority of our repair work is done during our annual "National Rebuild Day," which is the last Saturday in April. We also provide our services and resources to local non-profits that serve the same population, helping them focus on accomplishing their mission while we give them a safe and comfortable space in which to do that from. Applications for our program can be found on our website. And we can be reached in the office Monday-Friday from 9 AM-4:30 PM.

UNIVERSITY PARK BUSINESS DISTRICT

members work, shop, and gather together to celebrate in University Park. We love this neighborhood and its rich past as a center of commerce, innovation, and workmanship. Our goal is to honor our collective roots and support the positive growth of the people and businesses of University Park. We do not have a physical address, instead we utilize business spaces to host meetings and events. We also love to meet face-to-face with business owners at their own place of business.
